

## SSUP-HRI Data Use Agreement

SSUP-HRI data were archived for distribution to researchers and are available without cost to researchers and analysts. The data includes human-subject data where participants consented to share their data according to the following [consent form](#). It includes no direct personal identifiers, however, it does include unaltered video data that includes people's faces and voices.

Investigators seeking to use the SSUP-HRI must first accept the following terms and conditions of use governing their access and use:

1. the data will be used for research purposes only;
2. the data will not be used for commercial purposes;
3. the data will be secured and stored using appropriate technology;
4. investigators will state the source of the data and include appropriate acknowledgments of funding sources in any resulting publications;
5. the data will not be passed on to a third party who has not accepted the terms of the SSUP-HRI Data Use Agreement;
6. planned analyses will be described to our research team as part of this agreement;
7. new and additional uses and analyses will not be performed on this data without informing the research team;
8. If applicable, an Institutional Review Board (IRB) protocol will be provided to our research team as part of this agreement

The data is provided as is and without warranty of any kind.

By signing, you agree to the terms listed above.
